PULLING
THE TRIGGER
FOR GOD'S
PROMISES.

PULLING THE TRIGGER FOR GOD'S PROMISES.

God has given a promise of abundance to all who accept this provision through the Lord Jesus Christ : moving from one level of grace unto another. This may sound too good to be true given the enormity of challenges man faces in this world. But before the waves of doubt rise up to douse our expectation of a good life based on this promise, let's focus on the giver of the promise.

The giver of this promise of abundant life is God , He that is referred to as Almighty because He is Supreme in might and excellence. He is too pure to behold and condone evil, a God of good judgment is He. He is the ultimate in perfection for as great and holy he is, so is He a God of astonishing Love.

The nature of God makes God's promises unshakable. He has both the strength of character and the power to execute His promises. It is impossible for Him to lie in addition to the fact that there is no need for Him to do so. He does not need to impress anyone neither is He afraid of anyone nor anything. His nature is to do good and His preoccupation is to help those who are committed to doing His will and pleasure.

*The promises of God
are yea and amen.
Once given, you can
consider them done!*

All that is required of us is to identify and comply with the process of entering into those promises; this we will do in the coming weeks. For now, let's consider how to trigger these promises.

**Bring my faithful people to me:
*those who made a covenant with me by
giving sacrifices.***
**Then let the heavens proclaim his
justice, for God himself will be the judge.**

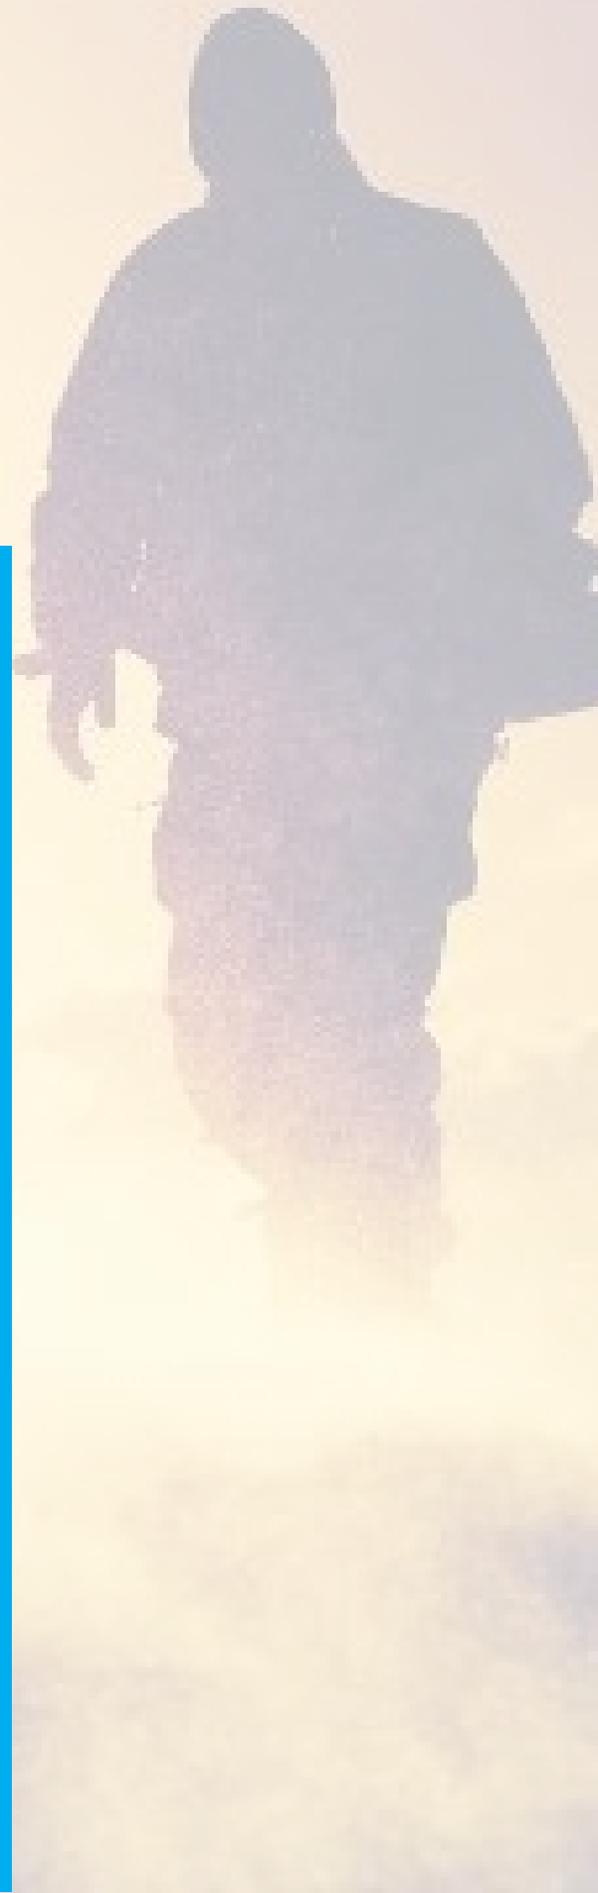

Psalm 50:5-6 *NLT*

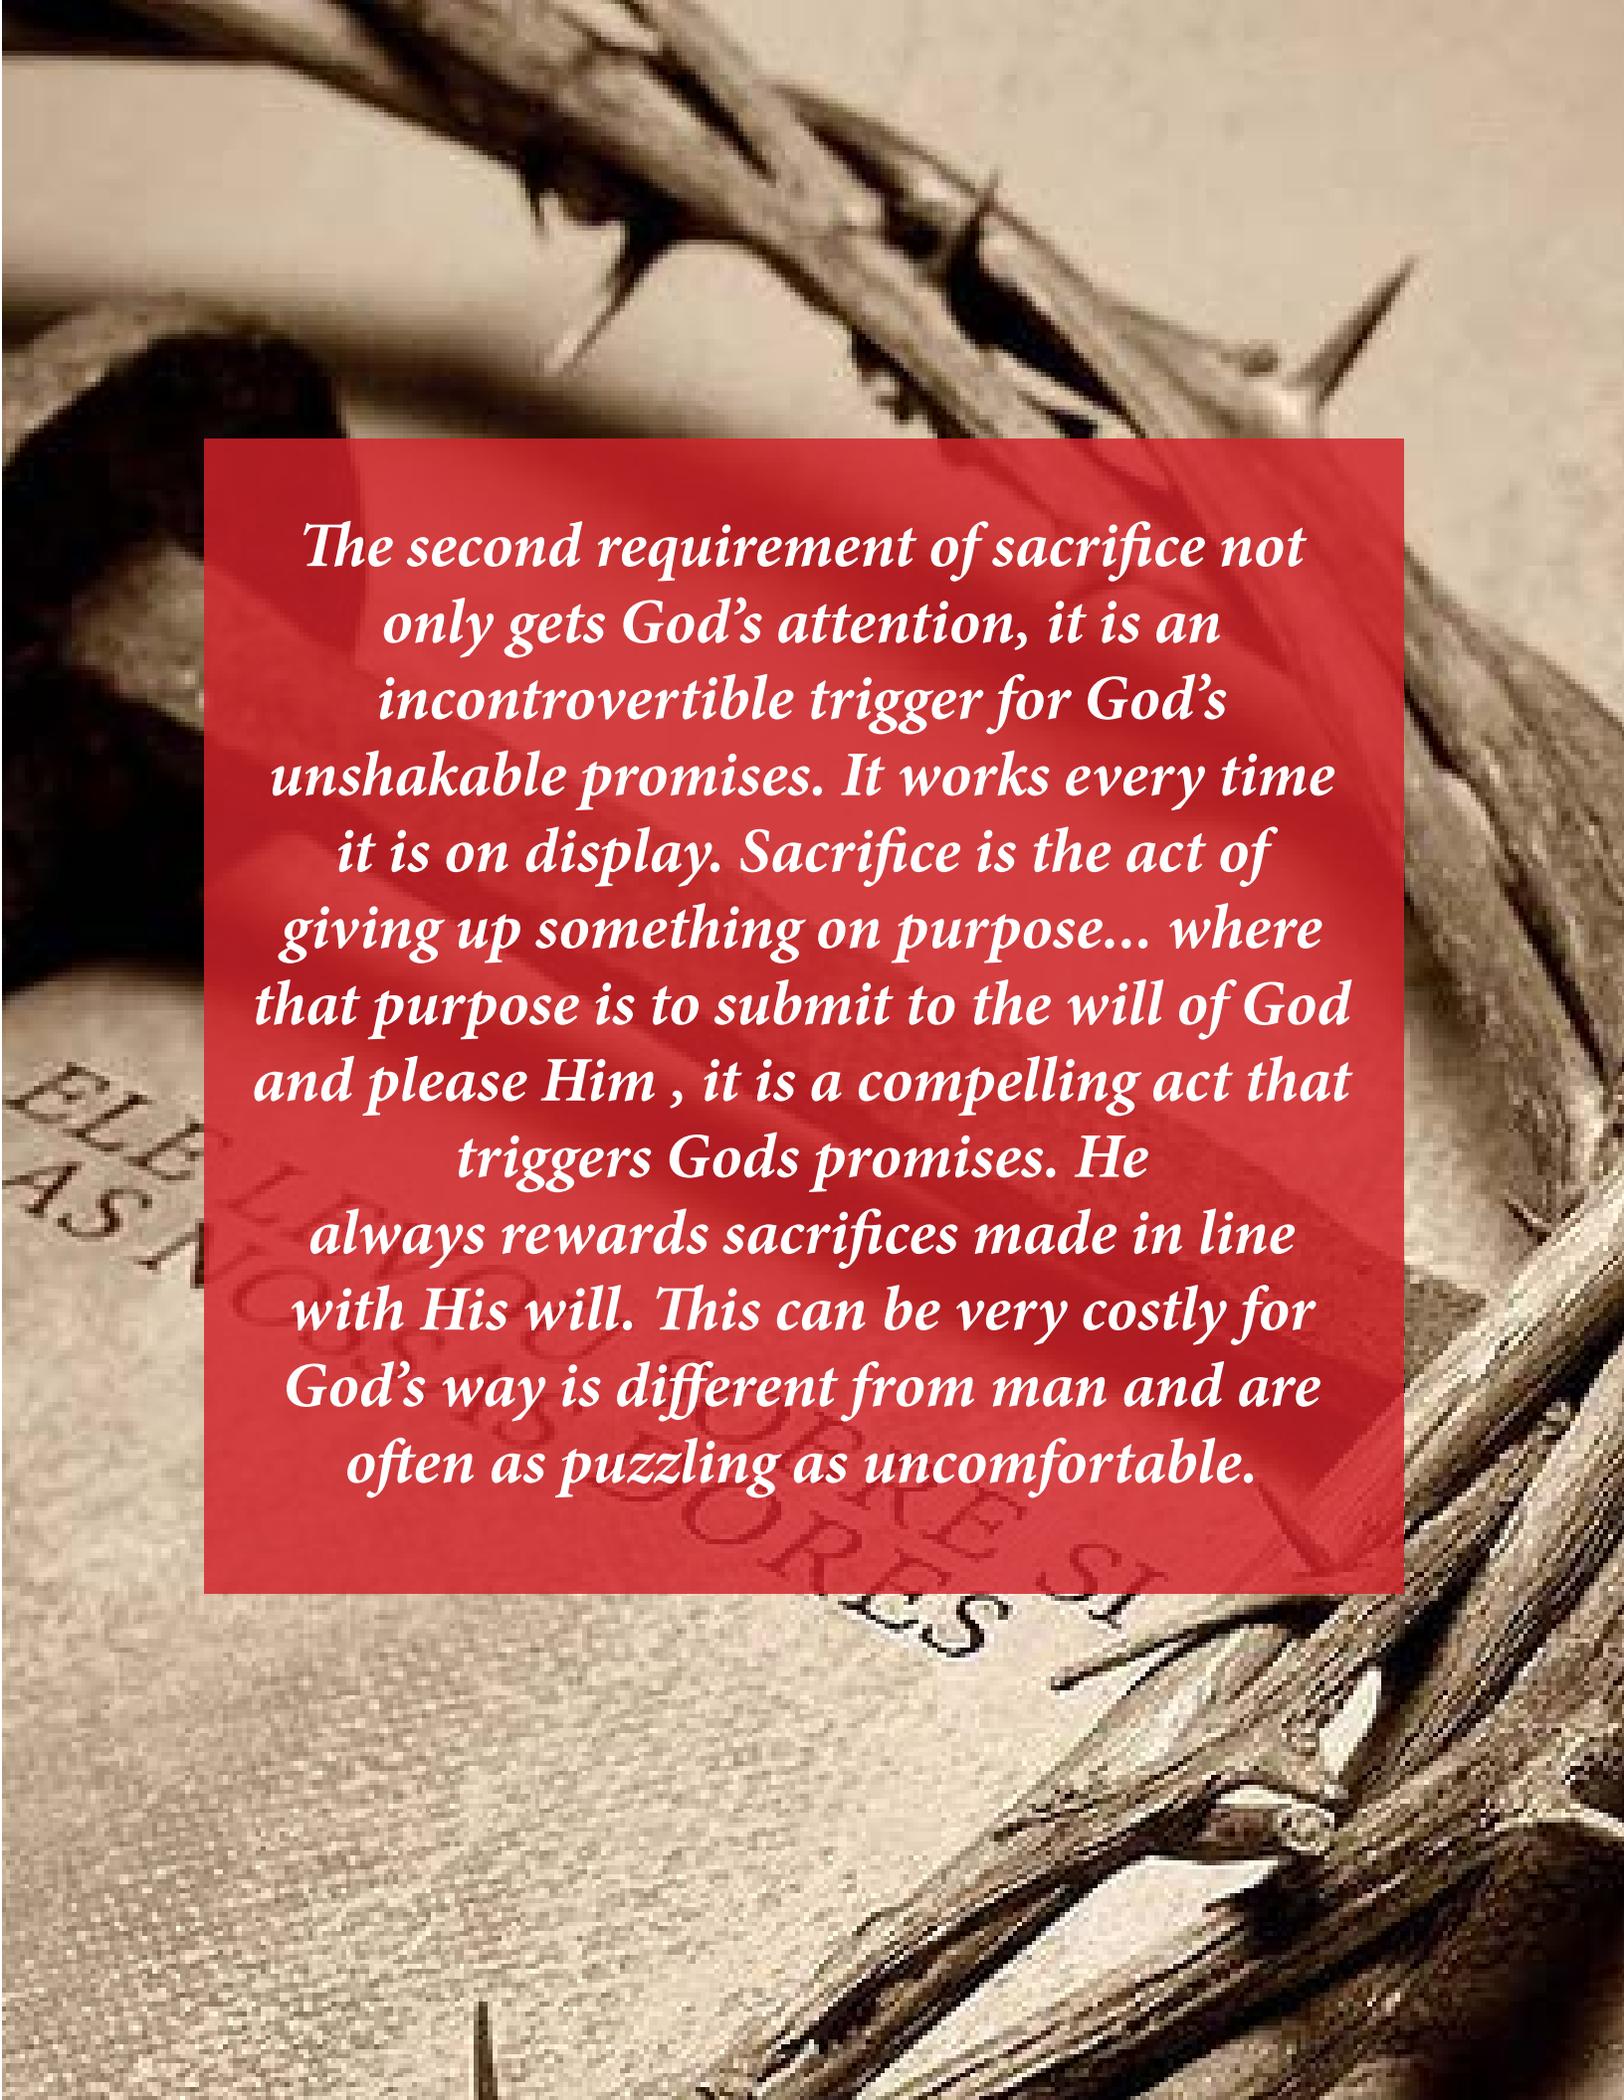

Here we must focus on two words:

Faithfulness and Sacrifice.

To draw God's attention to us and trigger His promises into our lives, we need the two: neither is effective without the other.

Faithfulness refers to steadfastness in allegiance and affection. A loyal and steadfast following. God's requirement of loyalty and faithfulness is non negotiable. An uncommitted person cannot succeed with God. Commitment and loyalty comes with a cost that is not easy to pay in our unstable world fraught with distractions, yet it is a critical success factor to get God's attention.

The second requirement of sacrifice not only gets God's attention, it is an incontrovertible trigger for God's unshakable promises. It works every time it is on display. Sacrifice is the act of giving up something on purpose... where that purpose is to submit to the will of God and please Him, it is a compelling act that triggers God's promises. He always rewards sacrifices made in line with His will. This can be very costly for God's way is different from man and are often as puzzling as uncomfortable.
